#### ABOUT THIS WINERY

Bodegas Martín Códax was founded in 1986 and is named after the most famous Galician troubadour whose medieval poems, the oldest in the Galicio-Portuguese language, are preserved. A project that started with the dream and the efforts of a group of winegrowers is now a reality and it is this reality that has allowed Bodegas Martín Códax to become a symbol of Galician wines inside or outside of our borders / countries.

#### TASTING NOTES

Amber color with iodine reflections, typical of an Albarino produced in orange wine. Medium intensity with hints of ripe fruit like candied orange and orange jam with hints of crushed flowers (roses) and herbs. This wine is structured and tannic and has a full and round sensation on the palate.

#### PRODUCT NOTES

An Albariño with a soul of red wine. Martín Códax produces this orange wine according to the most ancestral and primitive manual practices, originating in the regions of the Caucasus more than 6,000 years ago.

#### PRODUCTION NOTES

Manual harvest in September. The bunches are put in 20 kg crates to prevent them from being crushed and thus degrading the quality. Sorting on the table in the cellar, then going through the destemmer to separate the berries from the stems. Fermentation takes place with the skins and maceration lasts 6 months, in concrete vats.
